卷之三

CONFIRMATORY LICENSE

In consideration of one dollar and other good and valuable consideration, receipt of which is hereby acknowledged, the undersigned,

hereinafter called the Licensor, does hereby grant to the Government of the United States of America, hereinafter called the Government, a non-exclusive, irrevocable, non-transferable, royalty-free license to practice, and cause to be practiced for the Government, throughout the world, in the manufacture, use, and disposition according to law, of any article or material, and in the use of any method, the invention disclosed in the following:

It is further understood and agreed that the acceptance of this license or any of the terms hereof does not preclude the Government from asserting rights commensurate with the provisions of any agreement between the Government and the Licensor or any other rights of the Government with respect to said invention.

Dear Frank:

Ref: Contract #FM450

In accordance with the general provisions of the referenced contract and, specifically as required by Clause #20(c), you are hereby advised of our intent to seek patent protection for certain elements of our [redacted] as well as for some of the ancillary equipment therefor.

It is our interpretation that we have complied with the requirement for disclosure by the delivery of the equipment along with a final engineering report which clearly demonstrates and exhibits the technical concepts of this process and equipment.

STATINTL

ILLEGIB

(1) obtain serial no (consisting of six nos) and filing date of the patent
